My name is Jennifer Crooks, Michigan Program Manager in the Ground Water and Drinking Water Branch at U.S. EPA Region 5 in Chicago. We received your complaint via the Hotline, and forwarded it to the Michigan Department of Environmental Quality (MDEQ) for action. (The MDEQ has primary enforcement responsibility for implementing the Safe Drinking Water Act in Michigan.) The District Engineer for your water supply is Stephanie Johnson, and she contacted your water supply, Brownstown Township. The Director of Public Works attempted to speak with you regarding your complaint, however, when they went to the address on your complaint, it was the office of the apartment and no one knew about any water complaints.

If you would like to contact the State regarding your complaint for follow-up, you can contact:

Stephanie Johnson, District Engineer

Hi Stephanie,

We never found out which apartment it was. The woman gave the office address and when we went there

no one knew about any water complaints. We have not heard anything back. We have no way of knowing who

this was.

Mark

Good morning Mark,

Matt Syte informed me that you were following up on this complaint. Could you please let me know what you found, if anything, so I can respond to EPA? Thanks

Richard: We got this complaint about the water quality in an apartment building in Flat Rock. I do not see a Personal Address / Ex. 6 so I assume they get their water from Flat Rock. Could you please have someone follow-up with this person?

Thanks.

Tom

Tip or Complaint: MY SON AND I LIVE IN THE APARTMENTS AND ARE AFRAID TO DRINK THE WATER. AFTER LETTING THE WATER SIT OVER NIGHT THE WATER TASTES LIKE METAL, AND AFTER A FEW DAYS BECOMES MOLDY. THE SHOWER WAS LEAKING AND NOW I HAVE MOLD IN MY BATH TUB.

Specific Directions: I LIVE RIGHT OFF OF TELEGRAPH ROAD BY VAN HORN. THERE IS A TRAILER PARK ACROSS THE STREET AND NEXT TO THE APARTMENTS IS A GAS STATION WITH PALM TREES BY THE ROAD.

Violation Still Occurring? Yes

State DEP/DEQ/DEM Notified? No
